==========

COMPANY: TechNova Solutions
DOCUMENT TYPE: Internal Knowledge Base
VERSION: 1.0
DATE: February 2026

SECTION 1: COMPANY OVERVIEW

TechNova Solutions is a mid-sized software company founded in 2015, headquartered in Austin, Texas. The company specializes in building AI-powered SaaS products for the healthcare and finance industries. TechNova has over 400 employees across offices in Austin, New York, and London.

The company's flagship product is "NovaMind", an AI assistant platform that helps hospitals automate patient intake, scheduling, and medical record summarization. As of 2025, NovaMind is used by over 300 hospitals across the United States.

Annual revenue for 2025 was reported at $85 million, representing a 42% year-over-year growth from the previous fiscal year.

SECTION 2: PRODUCTS & SERVICES

---

1. NovaMind (Healthcare AI Platform)
   - Automates patient scheduling and intake forms
   - Summarizes electronic health records (EHR) using LLMs
   - Integrates with Epic, Cerner, and Meditech systems
   - Pricing: $5,000/month per hospital

2. NovaFinance (Financial Analytics Tool)
   - Real-time fraud detection using machine learning
   - Automated regulatory compliance reporting
   - Supports SOC 2 and PCI-DSS compliance
   - Pricing: $8,000/month per enterprise client

3. NovaAPI (Developer Platform)
- REST API access to TechNova's AI models
- Supports Python, JavaScript, and Java SDKs
- Free tier: 1,000 API calls/month
- Pro tier: $199/month for 100,000 calls

SECTION 3: ENGINEERING TEAM & TECH STACK

The engineering team consists of 120 engineers divided across:
- Platform Team (40 engineers) — core infrastructure and APIs
- AI/ML Team (35 engineers) — model training and fine-tuning
- Product Team (30 engineers) — frontend and mobile apps
- DevOps Team (15 engineers) — CI/CD, cloud infrastructure

Primary Tech Stack:
- Backend: Python (FastAPI), Go
- Frontend: React, TypeScript
- AI/ML: PyTorch, Hugging Face Transformers, LangChain
- Databases: PostgreSQL, Redis, Pinecone (vector DB)
- Cloud: AWS (primary), GCP (secondary)
- CI/CD: GitHub Actions, ArgoCD
- Monitoring: Datadog, Grafana

SECTION 4: COMPANY POLICIES

Remote Work Policy:
TechNova operates on a hybrid model. Employees are required to be in-office at least 2 days per week. Fully remote positions are available for senior engineers (L5 and above) with manager approval.

Vacation Policy:
All full-time employees receive 20 days of paid time off (PTO) annually, plus 10 federal holidays. Unused PTO can be rolled over up to a maximum of 10 days per year.

Learning & Development:
Each employee receives an annual learning budget of $2,000 which can be used for online courses, conferences, or books. TechNova also offers an internal LMS with 500+ courses available at no cost.

Health Benefits:
TechNova covers 90% of health insurance premiums for employees and 70% for dependents. Dental and vision coverage are fully covered for employees.

SECTION 5: RECENT NEWS & MILESTONES

- January 2026: TechNova raised a $50M Series C funding round led by Andreessen Horowitz, with participation from Sequoia Capital.

- November 2025: NovaMind received FDA clearance as a Software as a Medical Device (SaMD), enabling deeper clinical use cases.

- August 2025: TechNova opened its London office to expand into the European market, targeting UK's National Health Service (NHS).

- June 2025: The company launched NovaAPI, its developer platform, attracting over 10,000 developers within the first month.

- March 2025: TechNova was named one of Forbes' "Top 50 AI Companies to Watch" for the second consecutive year.

SECTION 6: FREQUENTLY ASKED QUESTIONS (FAQ)

Q: What is TechNova's refund policy for SaaS subscriptions?
A: Customers may cancel at any time. Refunds are issued on a pro-rated basis for annual subscriptions cancelled within the first 30 days. Monthly subscriptions are non-refundable after the billing date.

Q: Does TechNova offer a free trial?
A: Yes. NovaMind and NovaFinance both offer a 14-day free trial with full feature access. No credit card is required to start a trial.

Q: Where is TechNova's customer data stored?
A: All customer data is stored in AWS us-east-1 (Virginia) by default. European customers can opt into EU data residency (AWS eu-west-2). Data is encrypted at rest using AES-256 and in transit using TLS 1.3.

Q: How do I contact TechNova support?
A: Support is available 24/7 via email at support@technovasolutions.com and via live chat in the product dashboard. Enterprise customers also

get a dedicated Customer Success Manager.
